In the meantime, he is trying to conciliate members of the cabinet who are determined upon general conscription.

YOU CAN'T FIND ANY BANDRUFF, AND HAIR STOPS COMING OUT

SAVE YOUR HAIR! MAKE IT THICK, WAVY, GLASSY AND BEAUTIFUL AT ONCE.

Try as you will, after an application of Danderine, you can not find a single trace of bandruft or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured, by careless treatment. A 25-cent bottle will double the beauty of your hair.
